HERE'S the POINT

By SPENCE HELD

Mrs. Mollie Armstrong of Big Timber, Mont., arrived in Ocean Beach Tuesday for a two-week visit. She's staying wtih her aunt, Mrs. C. W. Varney, of 4728 Saratoga Ave.

This is her first trip to the Coast . . . After she sees the local points of interest, including Cabrillo National Monument, the S. D. Zoo, etc., and inspects the raw sprawling subdivisions and fights the traffic, I'm going to ask her about the relative advantages of large and small towns.

Big Timber has a population of 1700 . . . I can remember when Ocean Beach had about that many. There were plenty of vacant lots for kids to play baseball, football and "Run, Sheep, Run."

Yeah, and the hills and canyons of Point Loma offered unlimited opportunities for fun and exploration.

The beach, of course, was here then too.

We all know that a big town has certain advantages . . . And yet, many people confuse bigness with greatness. L.A., for instance is a big town—but who wants to live there?

Millions, apparently.

What size town do you want to live in?

* * *

One of my spies informs me that the hush-hush exploits of U. S. Navy Frogmen will be revealed this week in a new book titled "The Naked Warriors."

The authors are Comdr. Francis D. Fane, of the Naval Amphibious Base, Coronado, and Don Moore.

"The Naked Warriors" opens on the wide coral reef of Tarawa Atoll in World War II; it covers the valiant activities of the Frogmen during the Normandy landings, and their work in the mine-filled harbors of Korea.

"Meeting shark underwater has been the greatest thrill I have experienced," says Comdr. Fane.

"I have been in the midst of great schools of shark, including the great white, for hours. I believe the only feeling which can approach that of first swimming head-on into a great shark to spear him, is that of the 'moment of truth' felt by a bullfighter as he goes in over the horns to thrust the sword home."

* * *

A new magazine not devoted to sex, sensation and/or Elvis Presley hit the newsstands this week.

It's called Popular Boating . . . Both power and sail are given the full treatment in text and photos.

If I were a boating fella I'd read it.

Reminds me of that old taxi slogan: "The drinking fella takes a Yella."

Yeah, and the drinking boating fishing fella takes a yella occasionally, too, but I hear that some of these Vodka Boatmen (from L.A., of course) get so seasick they can't tell a squid from a quid.

It's time I hid, kid!

Rummage Sale

The Ocean Beach Woman's Club will hold a rummage sale Friday and Saturday, Oct. 19-20, at 1909 Cable St.

Mrs. John Murt, (AC-2-9508) is in charge. She will call for contributed articles if transportation is not available.

Strand Theatre Offers Free Tickets To All Peninsula News Subscribers

Your Peninsula News subscribers' receipt for the current collection period is good for one admission to the Strand Theatre in Ocean Beach when accompanied by one paid adult admission.

The receipt will be honored any Monday, Tuesday, Wednesday or Thursday until Nov. 15.

This bonus to our subscribers ag-in is made possible by the cooperation of Daryll Johnson, owner of the Strand Theatre.

The Peninsula News management makes this announcement as a gesture of appreciation to subscribers for their cooperation with the carrier boys in boosting the newspaper's circulation to more than 14,750 weekly.

Your Peninsula News carrier boy will call this week to make a 25-cent collection.

Point Loma High To Play Lincoln In League Game At Stadium Tonight

Point Loma High School's football team will collide with Lincoln High in a City League game tonight (Thursday) at 7:30 in Balboa Stadium.

The locals, defeated by underdog La Jolla 6-0 last week, will be underdogs themselves in tonight's game. Lincoln's Hornets knocked off Santa Paula 19-0 last week, making their record two victories and a tie.

Point Loma has dropped three tilts to date and Coach Bennie Edens is expected to make some changes in his lineup for tonight.

George Graham scored the TD for La Jolla in last Friday night's game with the Pointers. This came in the final quarter. Point Loma bounced back in a scoring threat but time ran out on the La Jolla 10-yard line.

New Classrooms Being Built At Warren-Walker

Warren-Walker School is well under way to a happy and successful school year.

Upon returning this year, teachers and pupils of the pre-school departments found they had larger rooms, a new play area, and for the younger children a completely new room. This construction was completed before school opened.

At present two new classrooms are being built.

Residents of Ocean Beach may have seen the upper grade children from Warren-Walker at the beach one day during the lunch period. This was in celebration of their being the citizenship honor room for the first month of school.

Recently the children and teachers said goodbye to Michael Blechynden, summer resident of Ocean Beach, when he left to return to Manila, P. I.

Ronald Wilcoxen, who departed in May with his family for travel throughout Europe, is back at school.

SLOGAN WINNER

Mrs. Charles Stewart, of 2104 Bacon St., was last week's winner in the Peninsula News Booster Slogan Contest. Her winning slogan and details of the weekly contest will be found on Page 8.

League Of Women Voters To Meet

County government services available to San Diegans, with special emphasis on physical and mental health and welfare, will be studied by the League of Women Voters during October and November meetings. This four-meeting series continues a League program begun last year aimed at understanding San Diego's County Charter.

Point Loma's day unit will meet at 9:30 a.m., Tuesday, Oct. 23, at the home of Mrs. A. N. Entringer, 3040 Browning St. Mrs. R. N. Griffin will lead the discussion, aided by Mrs. Spencer Rogers, resource.

Point Loma's evening unit meets at 7:30 p.m. Wednesday, Oct. 24, at 3788 Tennyson. Mrs. John Hood will be hostess, Mrs. Carlos Nuese, discussion leader, and Mrs. Fred Lawrence, resource.

New Liquor Store Opens In O. B.

Opening of Chris' Liquor at the corner of W. Point Loma and Sunset Cliffs Blvds., was announced this week.

Many Peninsula residents remember Chris Stavros as the owner of the Korner Malt Shop. He invites his former customers, friends and acquaintances to visit his new modern store.

OSCAR—Congratulations and an Oscar go to Mrs. Chester Dorman, left, of 3212 Madrid St., for leading the Dewey District of the United Success Drive to 100 percent of its quota. The award for being first to reach a quota is presented by Mrs. Percy A. Rooks, Area chairman for Point Loma-Ocean Beach.

United Success Drive Campaigners Near Half-Way Mark In This Area

United Success Drive campaigners in the Ocean Beach-Point Loma area are near the halfway point in the drive to help make more miracles happen.

Mrs. Percy A. Rooks, chairman of the house to house campaigning here, announced that residents have contributed $10,891 for 40.7 percent of a $26,702 quota.

The 1956 United Success Drive, which is conducted throughout most of the county to support 90 Red Feather services, has reached $1,231,445 for 53.4 percent of the $2,306,000 goal.

Mrs. Rooks urged all residents to participate in the drive. "Each one of us has a responsibility to help other persons in the community. One way to fulfill this obligation," she said, "is to pledge your fair share of money to the United Success which supports so many needed services."

Winter Fishing Skeds Launched

In spite of good to excellent catches of yellowtail and bonito at the Coronado Islands, steadily dwindling passenger lists caused the H. & M. Sportfishers and the Point Loma Sportfishing association to launch their regular winter fishing schedules early this week.

Henceforth, boats will leave for the Coronados for yellowtail and other surface fish at 6 a.m. and other craft will sail for the rock cod grounds west of Point Loma an hour later. All 3 a.m. runs which prevail throughout the summer have been canceled.

Catches this week were well above average and rod and reelers had no difficulty loading their sacks with yellows and bonito. Among the larger fish taken were: 32 pound yellowtail, caught by Henry Dorig, Medford, Ore.; 31-10 yellow, caught by Steve Waller, Point Loma, and a 26-10 yellow taken by Roy Ludt, Alhambra assistant fire chief.

In addition to good all-around sport at the Islands, marlin fishermen rang up good catches slightly west of them, with daily takes often a dozen or more, sending the season's total soaring toward the 400 mark and expect to pass it easily.

Mrs. P. Fournier Honored For Work With Girl Scouts

Girl Scouting's highest award to adult volunteers was presented to Mrs. Paul Fournier, 4675 Lotus St., Saturday, at the annual District V Movie, held at the Loma Theatre.

The Thanks Badge was presented to Mrs. Fournier in appreciation for her work in Girl Scouting here and in Tacoma, Wash. She has been a troop leader, neighborhood chairman, and District V. program chairman. She also has been on the staffs of day camp and primitive camp. Mrs. Fournier is active in Ocean Beach Community Center activities.

Mrs. R. E. Roxburgh made the presentation.

Peninsula Girl Candidate For Queen At State

Olivia Rosa, 419 Rosecrans St., is a candidate for Homecoming Queen at San Diego State.

Nominated by Pi Beta Phi sorority, Miss Rosa will compete with other candidates at a queen's tea Sunday and at the Homecoming banquet next Wednesday. Five finalists will be announced at the banquet, and the queen will be crowned at a campus rally Thursday. All senior women, the candidates are nominated by the fraternities and sororities.

The daughter of Mr. and Mrs. Frank Rosa, Miss Rosa is a 1953 graduate of Pt. Loma High School and is now an elementary education major at San Diego State. She is honorary cadet colonel of Angel Flight, selected by the Air Force ROTC, and is a member of Delta Phi Upsilon and Kappa Delta Pi, education honoraries, and Xolotl, service organization.

The Homecoming game and parade will be Saturday, Oct. 27.

Toyland Parade Scheduled For Sunday, Dec. 2

The 20th annual North Park Toyland Parade, which will be held on Sunday, Dec. 2 in the afternoon, will include many floats, bands, marching units, and equestrian entries, Roy E. Parker, general chairman, announced yesterday.

Dr. D. D. McElfresh is co-chairman of the annual event, which is a "Christmas gift to the children of San Diego County" from the North Park Business Club.

In addition to many colorful floats, there will be many of the area's top bands. For the first time, the senior and junior Bonham Brothers bands will march as a 240-piece unit in the parade, it was announced.

The contest to select the queen of the Toyland Parade got underway Monday, with 37 attractive girls, ranging in ages from 15 to 22, competing for this honor. It was the largest field of entries in the parade's history, said Frank Black, chairman of the contest committee.

The race will end on Nov. 24, when the winner will be crowned at a coronation ball.

Entry blanks for the Toyland Parade are available for communities or groups at the parade office, 4094 30th St., AT-2-2196.

Council To Consider Seawater Plant Site

The City Council, meeting today, was expected to consider the proposed lease of five acres of Ocean Beach land to the U. S. Interior Department for a seawater conversion plant.

Site preferred by the Federal Government is at the end of Bacon St., immediately south of the flood control channel, it was reported.

This apparently would put the plant in the 57-acre recreation area and playground planned as a part of Mission Bay Park.

Several weeks ago the Ocean Beach Chamber of Commerce asked the City for information as to the exact location of the proposed plant but no written reply has been received. Objection was made by the Chamber to location of the plant in the recreation area.

H. J. La Dou, chairman of the Chamber's Beach Improvement Committee, and Harold La Fleur attended a Council conference Tuesday when the matter was discussed.

Bill Knopp, president of the Chamber, will attend a public meeting tonight at 7:30 in the Recital Hall, Balboa Park, when a proposed master plan for park and recreation needs will be presented by the City.

The proposed Ocean Beach Park improvement (the beach area) is shown in this master plan but no funds have been appropriated for it, La Dou reported.

Proposition 4 'Desperately Needed' Says Former Sen. Sheridan Downey

SAN FRANCISCO — Asserting that like Rip Van Winkle the California Legislature has been asleep to the need of an adequate oil conservation act for 20 years, former U. S. Senator Sheridan Downey this week urged California voters to support Proposition 4.

Proposition 4, Downey declared, "is a good measure and it is urgently needed. In this fateful hour of world history, when we are in a bitter struggle with great contending nations for our liberty and for American civilization, we should not, we dare not, waste our natural resources. In my opinion (Proposition 4) is a good bill, it is desperately needed."

Gently chiding Attorney General Edmund G. Brown for opposing the Conservation Act, Senator Downey, an attorney and Democratic Party elder statesman, declared that Brown's own legal opinion on Proposition 4 "gave more than a knockout punch to the phony arguments of (the Act's) opponents. He gave them a death blow."

"But strangely enough," Downey said, "after this strong support Brown argues that it is unwise to by-pass the legislature in such a complex and controversial matter."

"I reply," Downey said, "that for decades the Legislature itself has by-passed a decent conservation law. Like Rip Van Winkle, for more than 20 years the legislature has been asleep to any adequate conservation measure."

In a strong appeal for passage of Proposition 4, the Democratic Party leader said that "it is apparent that with our wasteful methods, in a comparatively short time our oil will be gone with the wind. And two ominous facts are plain: few, if any major oil fields, remain to be discovered and our wasteful methods are likely to cost us about one-half of the oil that could be recovered by proper conservation."

With reference again to the Attorney General, Senator Downey said "the opponents of (Proposition 4) generally are against all control." On the other hand, he pointed out, "the Attorney General doesn't believe the measure gives the State enough power.

"Yes," Downey said, "politics make strange bedfellows."

Here's Opposition To Proposition 4

Headquarters for the San Diego Committee for "Vote No on Proposition Four" has been established and the local committee named.

The headquarters will be at 3837 Park Blvd. This will also be the location of the speakers bureau, to be headed by Tennant Brooks, a native San Diegan. Brooks is a petroleum geologist who has taken a six-week leave of absence to head up the bureau.

Chairman of the area committee will be Seth Jayne, a downtown merchant. Vice-president is Imperial Beach theatre owner Eugene Wilbur. Other committee members at present include Mrs. Elizabeth C. MacPhail, attorney; Ladd Graham, San Diego businessman; and Morris Collins, business manager of Electrical Workers Local 569.

Brooks said his office now has speakers available for San Diego County groups who wish to hear Proposition Four explained or to stage a debate. The speakers bureau phone is CY-6-0114.

Religious Leaders Endorse School Propositions On November 6 Ballot

Leaders of all major religious faiths have endorsed the city schools' two financial propositions which will appear on the Nov. 6 general election ballot, it was announced this week by Donald Hanson, chairman of the Citizens' Committee for Schools.

Hanson said endorsements have been received from the Most Reverend Charles Francis Buddy, Bishop of the Catholic Diocese of San Diego, the Right Reverend Francis Eric Bloy, Bishop of the Episcopal Diocese of Los Angeles, the San Diego Council of Churches Board of Directors, Rabbi Morton J. Cohn of Temple Beth Israel, Rabbi Baruch Stern of Beth Jacob Synagogue, and the United Churchwomen of San Diego.

A total of 129 endorsements have now been received for the two proposals, which will be identified as Propositions K and L on the ballot.

Proposition K would allow the Board of Education to issue up to $27,000,000 in bonds for construction of new schools and expansion of present facilities to provide for expected increases in enrollment up to 1960.

The other measure, Proposition L, would allow an increase in the tax limitatin for school operating costs from the present $2.00 rate to $2.80 per $100 of assessed valuation, to be effective for an eight-year period.

Other recent endorsements include: Cabrillo Coordinating Council, Pt. Loma Coordinating Council, Pt. Loma Kiwanis Club.

BEAT THE FALL CHILL WITH NEW QUICK TAMALE PIE

With coming of the Fall Season and its brisk weather whetting those summer-dulled appetites, you'll be preparing more hearty and tasty main dishes for your family, and when the gang drops in for an after-the-game supper you'll want something spicy and easy to make. A Western favorite that meets the requirements is tamale pie. But best of all, here is a brand new Quick Tamale Pie, developed by Albers Home Economists, that has just two ingredients instead of the usual dozen!

This is all you have to do to make delicious Quick Tamale Pie:

QUICK TAMALE PIE
(MAKES 6 SERVINGS)

CORN MEAL CRUST	TAMALE PIE FILLING
5 cups water	4 cups chili con carne with beans (two 1 lb. cans)
2 teaspoons salt	
2 cups Albers Corn Meal, White or Yellow	

Combine cold water, salt, and Albers Corn Meal in saucepan over medium heat. Cook until thickened (about 7 to 10 minutes), stirring constantly. Line sides and bottom of 2-quart buttered casserole with corn meal crust mixture. Save ⅓ of mixture for top crust. Bake casserole in hot oven (400° F.) about 20 minutes to give a crisp crust. Remove from oven. Add chili con carne. Top with sliced ripe olives and green pepper strips or pimento, if desired. Spread remaining crust mixture around edge. Bake in hot oven (400° F.) about 25 to 30 minutes. Serve hot with mixed green salad. For variety, use one can chili con carne and one can chili con carne with beans; or add cooked ground beef to above recipe.

Christmas Seals Prepared For Mailing In Nov.

An early start to a Christmas program is being made this week by more than 150 volunteer workers from the Peninsula area and other sections of San Diego County, who are folding more than 550,000 sheets of Christmas Seals.

The Seals, being prepared for mid-November mailing from the headquarters of the San Diego County Tuberculosis and Health Association, will go to an estimated 215,000 homes throughout the county.

The direct-mail campaign, this year the golden anniversary of the first Christmas Seal sale, is the sole fund-raising effort of the association in support of its continuing fight against tuberculosis, leading killer of all contagious diseases.

Many civic clubs and service organizations have joined in the folding project—first step in a month-long program of preparing the Seals for mailing.

Climax to the work will come the week of Oct. 29, when close to 1000 volunteers will gather in the Indoor Sports Club in San Diego to stuff the 215,000 envelopes with appeal letters and Christmas Seals.

The Christmas Seal sale will open on Nov. 15 and continue through December.

Industrial Arts Awards Winners

Students in nine city schools have won 28 awards in the 1956 Ford Industrial Arts Awards competition, it has been announced by William B. Steinberg, industrial arts supervisor for the schools.

San Diego had more winners than any other school system in California, with the exception of Los Angeles which had 54 winners, said Steinberg.

Local winners received two 2nd-place, one 3rd-place, three 4th-place, 12 honorable mentions, and ten place awards, amounting to a total of $580 in cash. 2nd-place awards were $80, 3rd-place $60, 4th-place $40, and honorable mention $20. Place winners received certificates and pins.

Included among local winners are the following, with their school, type of award, grade, class, and teacher's name (in parentheses) indicated:

Dana Junior High School—John Casey, place, grade 9, woodworking (Cameron Sellar).

Point Loma High School—Don W. Lobb, honorable mention, grade 12, mechanical drawing (Richard W. Jeffers); James E. B. Stuart, place, grade 12, mechanical drawing (Jeffers); Johnny Tompkins, 2nd-place, grade 10, mechanical drawing (Jeffers).

ORDER OF AMARANTH

In honor of the appointed officers, Pacific Beach Court 104 Order of Amaranth will have "Guest Night" Friday, Oct. 19 at the Masonic Temple on Sunset Cliffs Blvd.

Guest officers from courts throughout the county will participate in the ritual. Presiding will be Leona Emmitt, royal matron and Lyle Emmitt, royal patron.

A children's dance studio will present entertainment. The banquet room will be decorated in Halloween motif.

Hazards Of Dusk Cited By Patrol

SACRAMENTO—Dusk is one of the most hazardous times of the day, says the California Highway Patrol.

"Our highest traffic accident frequency period is between 3 and 7 p.m. with the peak coming between 4 and 6," declared Patrol Commissioner B. R. Caldwell. "With the end of daylight saving our high frequency period again involves the additional hazards of dusk.

"Safe driving at dusk requires obedience to the speed limits, the headlight regulations and cooperation with the other driver and pedestrian," Caldwell continued. "Drive at a reasonable speed, turn on the headlights not the parking lights and stay alert for pedestrains and disobedient drivers to reduce the traffic accident potential while driving at dusk.

Bank Announces College Awards

Junior college students all over California will have a chance at cash awards this year under Bank of America's new Junior College Business Awards program.

Launched last year in 19 colleges throughout Southern California on a trial basis, the awards program proved so successful in its aims that the bank has decided to expand it to the whole state.

Announcement of the awards was made jointly this week by Forrest G. Murdock, president ofr El Camino College, chairman of a committee of college administrators on the awards for Southern California, and Jesse W. Tapp, chairman of the bank's board of directors.

Two winners will be picked from each participating school—one student majoring in banking or business administration, the other in secretarial or clerical studies. Each winner will receive a certificate of merit and $100 in cash. Winners will be chosen by a faculty committee in each college, and will be judged on scholarship, personality, and either additional school activities, outside employment, or both.

A carburetor that is only three inches high and has a thinner than ordinary cleaner may make possible lower car silhouettes, according to the National Automobile Club.

Secrets of a Model

There is nothing a model enjoys so much as introducing a new style.

And 1957 automatic washers are as exciting stylewise as 1957 Paris fashions.

The Slim Look

It's like I told my husband (he's the photographer who took the pictures of me introducing the new RCA Whirlpool).

"Hank," I said, "our brand new kitchen cries for that brand new washer. The Whirlpool-Seeger people must have had us in mind when they designed it. Its crisp, sharp lines blend so well with kitchen cabinets. You know, that washer presents the same idea in design that fashion models call The Slim Look."

"Darling," Hank started . . .

"And a choice of colors at no extra charge! Although a butterfingers like me should own the white all-porcelain model that would resist even bleach stains."

"But," Hank interrupted . . .

"Of course, the functional advantages of the new washer are pretty intriguing too. Imagine! Infinite water level control — you can dial the right amount of water for any size load! And an automatic built-in lint filter! And two separate washing actions and time cycles for regular or delicate fabrics!"

"My dear wife," Hank broke in, "there is no need for this salestalk. I've already bought the washer, and a matching dryer too."

But that's another story . . .

Girl Scout Troops To Help Indians

For the second consecutive year, Girl Scout troops of the Loma Portal Neighborhood will cooperate in a drive for the underprivileged Indians of southern San Diego County, announced Mrs. Norman A. Vaa, neighborhood chairman.

Girl Scouts of the Loma Portal troops will collect clothing, food, bedding, books and medical supplies instead of the usual "trick or treat" on Hallowe'en. Each girl will distribute bulletins stating what is needed, prior to Hallowe'en.

Articles will be distributed by the General Relief Section of the Department of Public Welfare. Last year they were shared by Indians of Sequon, Viejas, Barona, Manzanita, New Campo and Old Campo Reservations.

This community service project is headed by Mrs. William Lowry and Mrs. Mary Frances Reid.

Business Classes To Start Oct. 22

New beginning classes in Shorthand, Typewriting, and Business English are announced by the San Diego Junior College and Vocational School, to start Oct. 22. There will be both day and evening classes in each subject. Students may register at 1425 Russ Blvd. beginning Oct. 15, either day or evening. The classes are held at 12th and E streets.

These classes are a part of the school's vocational certificate program. They carry no units of credit, but are designed for those who wish to learn new skills or improve old ones as quickly as possible in preparation for employment or for advancement.

Other classes, now in progress, are also open for vocational certificate students, in accounting, record keeping, machine calculation ,advance typewriting, advanced shorthand, filing, transcribing and duplicating machines, and other business subjects.

"There is a real shortage of office workers in San Diego. We have many more calls for skilled workers than we can supply," said Walter L. Thatcher, principal of the school. Counselors are available to discuss the possibilities both day and evening.

St. Charles Sets Carnival Oct. 28

Third annual Halloween Carnival, sponsored by the St. Charles Academy, will be held on Sunday, Oct. 28, at 3:30 p.m., on the school grounds.

A parade will open the festivities. There will be a fun house, kiddie rides and various booths.

The public is invited.

HEALTH FOR ALL

Cartoons and comic strips frequently picture the American commuter clutching a steaming cup of coffee in his hand as he runs for his bus or train in the morning. The implication is that most of us give ourselves little or no time for breakfast, which is considered by many doctors and nutritionists as the most important meal of the day.

While cartoonists may exaggerate a bit, it is true that many of us, habitually neglect eating a proper breakfast. Breakfast is uninteresting, unimportant, and time-consuming to some people, and many seem to feel that they have the remainder of the day to make up nutritional needs.

However, nutritionists warn us that breakfast is an important meal and should constitute from one-fourth to a third of the day's intake of food.

Nutrition experts point out that, ordinarily, the stretch from dinner in the evening to breakfast the following morning is the longest period in which the body goes without food, and nourishment is needed early in the morning.

As a matter of fact, the person who skips breakfast and waits until lunch can be "losing" every morning of his working day in terms of production and enjoyment. Results of many experiments among students, housewives, and working people show that those who neglect breakfast are generally less efficient and less alert during the morning than people engaged in similar pursuits who start the day with a nourishing meal.

Like all meals, a "good breakfast" doesn't necessarily mean a great deal of food, but rather a well-balanced menu of "energy foods" and those which build tissue and supply vitamins and minerals.

A satisfactory breakfast, one that can give a person a good start for the day's tasks, can consist of fruit or fruit juice, an egg, milk, bread (preferably whole wheat or enriched), or cereal.

Lack of time to prepare a nutritious breakfast is not a valid excuse these days. Modern packaging of breakfast foods has reduced the time needed for preparing and serving them to a minimum. Actually, most of us could enjoy a tasty, healthful breakfast if we got up a few minutes earlier. And the formation of this habit can mean generally improved health, more efficiency for the day's tasks, and even greater enjoyment of living.

Colorful Fall Fare--Mexican Peppers

When the Summer whirl is ended, children return to school, and life reverts back to its normal routine, what could be more timely than a dinner featuring hearty, inexpensive, simple stuffed green peppers?

The green peppers, golden corn, and crimson tomatoes, contrasted with fluffy white rice, make this dish as bright as an Autumn day — one that will certainly satisfy those hearty appetites stimulated by brisk Autumn weather! Called Mexican Peppers, here's a main dish both easy on the budget and easy to make—when you use packaged pre-cooked rice. Serve with a crisp salad. Result? A delicious combination, bringing the magic of Fall colors right to your table!

Mexican Peppers

- 1⅓ cups (5-ounce package) packaged pre-cooked rice
- ½ teaspoon salt
- 1½ cups boiling water
- 5 green peppers
- 2 tablespoons butter
- 3 eggs, slightly beaten
- 1½ cups drained canned whole kernel corn
- 1 cup grated Cheddar cheese
- 1 tablespoon grated onion
- 1¼ teaspoons salt
- Dash of pepper
- 3 tomatoes, sliced
- Melted butter

Add rice and ½ teaspoon salt to boiling water in saucepan. Mix just to moisten all rice. Cover and remove from heat. Let stand 13 minutes.

Cut peppers in half lengthwise and remove seeds. Cook the peppers in boiling salted water 5 minutes, or until tender. Drain. Place peppers, cut side up, in baking dish. Sprinkle lightly with salt. Combine the rice, butter, eggs, corn, cheese, onion, 1¼ teaspoons salt, and the pepper. Mix well. Fill pepper halves with rice mixture and top each with a slice of tomato and brush with melted butter. Bake in moderate oven (350°F.) 35 minutes, or until filling is firm.

Tips on Touring

By Carol Lane
Women's Travel Authority

Food and Lodging

Good food and lodging make your tour more pleasant. You can be sure of both if you follow these simple rules:

Pick a restaurant endorsed by some recognized association — the more, the better. Chances are the place is good, too, if it's the meeting place of local fraternal groups.

Another tip-off on the restaurant's quality is the appearance of the waiter's uniform and the condition of the washrooms. A good restaurant will maintain high standards throughout.

If you have any doubts, ask to see the kitchen. Don't be afraid of being fussy. The better you eat, the better you feel — and the better your trip will be.

If you find a good eating place at an overnight stop, have a picnic lunch prepared for the next day.

As for lodgings, many of the same rules apply. If you want a motel, you can be choosey — there's always another down the road. Pick one set back from the main highway to avoid traffic noises. If there's a good restaurant near, so much the better.

Check your room. Is it clean, or damp or musty? Is the bed comfortable? How about the bathroom? Lots of towels, a bath mat, and clean drinking glass? Is the room heated or air conditioned? What sort of overnight "neighbors" are you going to have?

Care in choosing your food and lodging add to the pleasure of your trip.

GOOD HUNTING?

Last year, according to the National Automobile Club, California hunters killed 31 California hunters and injured 101 more.

How do they do it? Spotting a dove by the side of the road, a hunter jumped out of his car, loaded his shotgun, and leaned it against his chest while he struggled out of his coat. The gun went off and killed him instantly. Another hunter "thought he saw a deer" and blasted away. The "deer" turned out to be the moving foot of a hunter who was relaxing in the shade of a nearby tree. And still another hunter let go with both barrels at a "rabbit he saw jumping about." The "rabbit" was the arm of a man sawing wood.

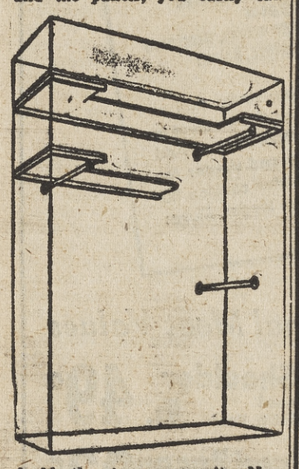
The monthly dinner sponsored by Lt. Bert A. Allen Post 2415, Veterans of Foreign Wars and Auxiliary will be held Saturday, Oct. 20 at the O. B. Woman's clubhouse, Muir and Bacon Sts.

This will be a "Dinty Moore's" cornbeef and cabbage dinner, served from 6 to 8 p.m. The public is invited. Games will be played after dinner.

How to Double Storage Capacity of a Closet

PROPER placing of three closet poles — instead of the usual one — will greatly increase the capacity of a new or old closet 6 feet wide. As shown, the poles run crosswise, not lengthwise.

Adding to the closet's storage capacity is the installation of Masonite "Peg-Board" panels on the closet back. Between the poles and the panels, you easily can



double the storage capacity. New position of the poles automatically frees the closet back for storing items by means of hooks fitting into the holes of the perforated panels.

The closet has two poles for jacket-length garments at one end, a third pole for full-length clothes at the other end.

For a free plan telling how to double closet storage, send a postal card to the Home Service Bureau, Suite 2037, 111 W. Washington St., Chicago 2, Ill. and request plan No. AE-323.

Screening Examinations Next Week For National Merit Scholarships

An estimated 250 students in San Diego City Schools will take screening examinations next week for competition in the 1957 National Merit Scholarship Corp. program, it has been announced by Robert F. Heilbron, a city schools' director of secondary instruction.

The examinations will be given to high school seniors Oct. 24. They are the first of three steps which last year resulted in the awarding of National Merit Scholarships to four San Diego students.

High school principals will invite the upper five percent of their senior classes to take the tests without charge, Heilbron said. Other seniors will be permitted to take the tests for a $1 fee.

The qualifying tests were devised by the College Entrance Examination Board, an affiliate of the Education Testing Service. They will be administered by local instructors and graded by the board.

Students who pass the qualifying examinations will take scholastic aptitude tests in January. Winners of these tests will be designated as finalists and will be asked to submit a statement of their financial means.

The scholarships are financed with matching funds from the corporation and from other institutions. The value of the scholarship is determined by the recipient's financial status.

Checks totaling $515,000 have been mailed by the corporation to 556 winners of the 1956 competition or to the colleges they now attend. Last year's San Diego winners, their type of scholarship and school are:

Stephen D. Rearwin of La Jolla High School, engineering, Stanford University; Barbara J. Hall of Point Loma High Shcool, education, San Diego State College; Margot I. Hatcher of Point Loma High School, pre-medical, University of Southern California; and Donald A. Hayler of Hoover High School, science, Pomona College.

Speed Regatta At Salton Sea

Determined to smash existing speed records for limited classes in hydroplanes and runabouts, the cream of the nation's drivers will meet Oct. 20-21, to vie for honors at Desert Shores Resort on Salton Sea.

Sponsored by the Southern California Speedboat Club, Inc., the Salton Sea Mile Trials will feature thrilling performances by the world's fastest boats in their respective classes.

Stiff competition is promised by such ace pilots as Barney Navarro, of Glendale, at the wheel of 7 liter champion craft, "Restless." Navarro recently broke the world competition record at Newport Beach and figures to even better his time at Desert Shores. Another hot contender in the 266 class will be Bob Willis of Long Beach, driving "Rough Neck II." Sid Street, who cracked up at the Sea 3 years ago, will appear in his new Z-Zip with which he hopes to top 130 miles per hour.

Also on deck, and considered a top threat, will be Rich Hallett of Downey, current holder of the world record in the 225 class of 107 miles per hour. Hallett will pilot his stock V-8 speedster, "Flying Saucer." Another blue chip entry will be George Matucci of Oakland, former driver of the world famous, "Mixmaster." Matucci will be at the wheel of the "California Kid" for the Salton Mile Trials. Rodger Murphy of Piedmont will drive the "Galloping Gale."

Officials for the event will be Kent Hitchcock, chairman; Jack Smith, referee; J. Otto Crocker, timer; James Carter, starter; Peggy Hitchcock, scorer; Robert Sykes, measurer; Paul Humphry, pti manager; and Kent Hitchcock will represent IRC.

The public is invited to view the Saturday and Sunday Speedboat Regetta. Admission is free and the Desert Shores Resort will provide free parking facilities.

MOOSE DANCE SATURDAY

The Moose Fun Band, which played at the state convention last month, will provide music for a dance to be held by O. B. Lodge 1755 Saturday, Oct. 20 at the Moose Hall, 5019 Newport Ave. All Moose members and guests are invited.

Loma Portal GS Leaders To Meet

"Dramatics In Girl Scout Troops" will be the subject of a discussion and demonstration at a meeting of Loma Portal Girl Scout Neighborhood Association, Tuesday, Oct. 23, at 9:30, in Dewey School auditorium.

Leaders will meet in patrols to discuss and practice methods of introducing and developing dramatics in their troops. Mrs. George Hughes will be in charge.

An investure ceremony for all new troop leaders and co-leaders will be held, said Mrs. Norman A. Vaa, neighborhood chairman.

Mothers of Troop 1227 will provide child care.

France produced 553,000 units of the total world production of 13,000,000 automobiles in 1955, reports the National Automobile Club.

Los Felices Club Plans Party Sat.

October being the month when witches and goblins are in evidence, Los Felices Spanish Speaking Club will be entertained at a Halloween party in the home of Mrs. Wolcott Ammon, 3130 Kingsley St., Saturday evening, Oct. 20.

There will be games and Halloween stunts, the prizes having a Latin American flavor, and conversation will be in Spanish. Dessert and coffee will be served at 7 p. m.

Special guests will be Mrs. Irene Smith, Mrs. John W. Wolcott, Mrs. W. L. Score and C. James LaForge.

Free Travel Aid

As a vacation motorist, you take free road maps for granted. And why not? For years, they have been easy to get, easy to use — and extremely helpful.

But do you know about the other free travel aids you can get for the asking? Here are the contents of a typical, free, vacation touring kit, custom-made for any trip you want to take.

First: complete maps covering the route from your starting point to destination — with the best route clearly marked, and with big, detail maps of main cities on the way.

Second: schedules for ferries and folders about any turnpikes on your route.

Third: informative folders about any points of interest you want to visit.

Fourth: an up-to-date list of guide books that list good spots for food and lodging.

Fifth: an expense record list on which you can budget your trip costs in advance or keep a record of money you spend as you go.

Most large oil companies are glad to give motorists such helps to more pleasant travel. This one is provided by Shell.

How to get it? Ask any Shell dealer for a stamped, addressed, touring-request card. Note your trip requirements—starting point, destination, travel time—and drop it in the mail. Your kit will be at the dealer's in a few days.

RICH BROWN BEEF STEW
It's easy to make! Here's all you do:
2 lbs. beef stew meat, cut in 1½ inch cubes
½ cup flour
2 tablespoons fat
4 cups boiling water
2 bay leaves
1 tablespoon salt
¼ teaspoon pepper
6 carrots, quartered
1 cup peas
3 large onions, quartered
4 potatoes, halved
Put meat and flour in a paper bag; shake until all pieces of meat are coated with flour. Brown meat in fat in heavy skillet with any extra flour in bag. Add water and seasonings; cover tightly and simmer for two hours. Add vegetables and continue cooking 30 minutes longer, or until vegetables are tender. Makes 6 servings.

When cool weather sharpens your family's appetites, serve 'em hot, hearty stew, made with Safeway's lean

WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

As this is written, it is too early to tell what the final outcome will be on the Suez Canal crisis.

* * *

But it is not too early to point out that the entire mess is a direct result of the Acheson-Dulles Pollyanna muddleheadedness against which time after time, the nation's independent businessmen, voting through the National Federation of Independent Business, have opposed.

C. W. Harder

* * *

The nation's independent businessmen know you cannot do business by blackmail. Yet for over a decade the U. S. State Dept. has run all over the world with billions in American tax money throwing it around. The reason given has always been that this money has sowed the seeds of peace; yet as evidenced by this incident and many others, over $70 billion lifted from the taxpayers have only sowed seeds of dissension.

* * *

The present head of Egypt is a hard bargainer. He wanted to build a dam, badly needed by Egypt, and out of which the country would make money, for a cost of over a billion dollars. He expected U. S. to kick in handsomely. Apparently, the always-eager-to-give-away-other-people's-money State Dept. led Egypt to believe it would be done.

* * *

But also apparently the head of Egypt had learned somewhere the folly of putting all eggs in one basket, so he was also quite friendly with Russia. Then U. S. State Dept. laid down a dictum that ran somewhat to the effect that it was not only sufficient to be neutral, one must also be neutral against Russia if they expected to get any Yankee dollars.

* * *

Egypt's head couldn't quite see it this way, so to get the money he announced he was taking over the Suez Canal which pays about $100,000,000 per year in tolls to British and French interests, and is also the lifeline of the British oil monopoly.

* * *

Immediately the U. S. State Dept. jumped into the fray, as undoubtedly Egypt knew it would. Yet, there is a strong possibility if the U. S. State Dept. had kept its mouth shut in the first place about how it was going to give Egypt a lot of money, the whole mess may have never been stirred up. While the eventual result is in doubt, undoubtedly when the shouting dies away, it will be found that once again the American taxpayer will be soaked to save the necks of a few British cartelists.

* * *

In the meantime, according to all reports, American gift shipments of goods are still leaving American shores with no permanent markings to insure that the peoples of the various lands receiving these gifts will know unmistakably that these gifts came from America, not Russia.

* * *

A while back John Shaugnessy, an Army packing expert, carried on a crusade to make sure that such goods were plainly marked as from the United States.

* * *

He no longer has his job. Presumably he was fired by the Army, but around Washington it is believed his discharge notice was dictated in the State Dept.

* * *

It will be interesting to see what Sen. Potter of Michigan has to say on return from Europe where he is investigating matter.

* * *

He was assured by the "free-gifts-for-all boys" in Washington that precautions would be taken to see everybody in foreign lands would plainly see the goods were from America. The Senator, however, is apparently taking nobody's word for it. He's taking a looksee himself.

"That's the spirit!" cried the medium as the table began to rise.

Said the used car dealer to the bandaged customer:

"How could you have had an accident with that used car I sold you?"

"I couldn't hold my hand out to signal while I was pushing it around the corner."

Fall And Winter Months Dangerous For Pedestrians

SACRAMENTO — October throrugh March is the danger period for pedestrians in California, says the California Highway Patrol.

"The increased pedestrian fatality rate during the fall and winter months is due primarily to lowered visibility during the early evening hours," declared Patrol Commissioner B. R. Caldwell. "Motorists and pedestrians alike should keep in mind that the distorted perspective of the twilight hours calls for increased alertness on the part of both drivers and pedestrians.

"During the six month period, October 1955 through March of this year 6800 pedestrians were killed or injured in traffic accidents in California. The highest hourly rate was recorded during the hours six to eight p.m.

"To avoid accidents pedestrians should wear something white at night and look both ways before crossing any street or roadway," concluded Commissioner Caldwell. "Remember, what you don't see can hurt you."

"PROBATION AFTER DEATH" LESSON-SERMON TOPIC

"The hour is coming, and now is, when the dead shall hear the voice of the Son of God: and they that hear shall live." These words of the Apostle John (5:25) are the Golden Text and keynote of the Lesson-Sermon on "Probation after Death" in all Christian Science churches on Sunday.

After passages from the Bible telling of the crucifixion of Jesus and of his triumph over the grave, these verses from the beginning of The Acts of the Apostles are given, "the former treatise have I made, . . . of all that Jesus began both to do and teach. Until the day in which he was taken up, after that he through the Holy Ghost had given commandments unto the apostles whom he had chosen: To whom also he shewed himself alive after his passion by many infallible proofs, being seen of them forty days, and speaking of the things pertaining to the kingdom of God" (1:1-3).

In a correlative passage Mary Baker Eddy is quoted from "Science and Health with Key to the Scriptures," "Jesus' unchanged physical condition after what seemed to be death was followed by his exaltation above all material conditions; and this exaltation explained his ascension, and revealed unmistakably a probationary and progressive state beyond the grave" (p. 46).

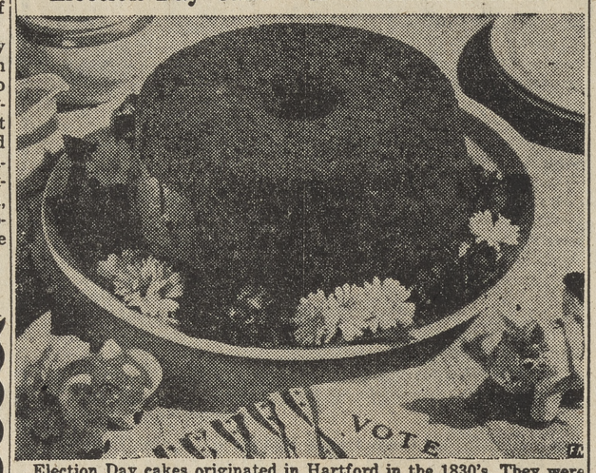
Election Day Cake – A Traditional Treat



Election Day cakes originated in Hartford in the 1830's. They were served at the taverns and in private homes around election time. Why not revive this excellent custom when you entertain guests while waiting for the returns this November.

ELECTION DAY CAKE

1½ cups warm, not hot, water (lukewarm for compressed yeast)	2 eggs
2 teaspoons sugar.	1 teaspoon salt
2 packages or cakes yeast, active dry or compressed	1½ teaspoons cinnamon
1½ cups sifted enriched flour	½ teaspoon nutmeg
¾ cup margarine or butter	¼ teaspoon allspice
1½ cups brown sugar	1¼ cups dried currants
	¾ cup chopped nuts
	½ cup chopped citron

Measure water into a mixing bowl (warm, not hot, for active dry yeast; lukewarm for compressed). Add and stir in 2 teaspoons sugar. Sprinkle or crumble in yeast; stir until dissolved. Add 1½ cups of the flour and beat well. Cover with a cloth and let rise in a warm place, free from draft, until very bubbly, about 30 minutes. Cream margarine or butter with brown sugar. Add and beat in eggs. Combine with bubbly yeast mixture. Sift together salt, spices and remaining 3 cups flour, and add to yeast mixture. Beat until smooth. Use mixer or beat by hand. Add and stir in fruits and nuts. Turn into a greased, lightly floured 10-inch tube pan. Cover with a cloth. Let rise in a warm place, free from draft, until doubled in bulk, about 1½ hours. Bake at 375°F. (moderate oven) for 1 hour. Cool cake in pans 5 minutes. Turn out on cake rake. Cool.

Campaign Party!

IT'S ALWAYS MORE FUN to discuss the campaign issues and speeches in the company of a group of friends. Next time your favorite candidate is scheduled to speak on radio or television, invite friends over to share opinions. As hostess, you'll capture their vote with these delicious Molasses Apple Roll-Ups made with real New Orleans molasses.

MOLASSES APPLE ROLL-UPS

½ cup water	4 cups sliced apples
¼ cup Brer Rabbit molasses	¼ cup seedless raisins
¼ cup sugar	1 tablespoon lemon juice
Several whole cloves	8-10 large thin dessert pancakes
½ teaspoon cinnamon	

Combine water, molasses, sugar and spices in saucepan. Bring to boil. Simmer 5 minutes, then add apple slices, raisins and lemon juice. Cook over low heat until apple slices are tender. Make dessert pancakes and keep hot while sauce is heating. When ready to serve, place several spoonfuls cooked apple slices and sauce in pancake, then roll up and arrange on plate. Spoon any warm sauce remaining in pan over all. Serve at once with whipped cream and warmed real New Orleans molasses. Makes 4-5 servings.

Sea-run cutthroat trout are smaller than steelhead trout, according to the National Automobile Club. Relatively few cutthroats are larger than three or four pounds.
